Emma James
Managing Director

Emma James Physiotherapy is a friendly private physio practice offering

Chartered and State Registered Physiotherapy, Clinical Pilates and related services in Hemel Hempstead, Berkhamsted, Tring, London and surrounding areas. Emma James Physiotherapy was founded in 2004 with its head office in Boxmoor.

A 21st century practice

The building will also be undergoing a complete re-vamp this autumn to create a physio practice for the 21st century. Emma is working with an interior designer to create a space with a relaxed feel, to further enhance the experience of clients coming for treatment and to aid their recovery.

All new!

In line with the development of the business, Emma currently has plans underway to add a new treatment room and a physio shop to the practice – work is about to start shortly. She has also recently re-vamped her website www.ejphysio.co.uk
